

# Importance of Finance Transformation in Modern Banking World

Scan to apply

29 Apr 2022 (Fri) | 7:00pm – 9:00pm

## Objective

In a rapidly changing marketplace, the finance function has a key role to play in delivering efficiency, insight and value to the business. The introduction of new technologies, increased volumes of data and information and regulatory changes exert higher pressure on CFOs and Finance Directors. By the end of the course, the participants should be able to understand how finance transformation will make finance functions move focus from transaction processing and reporting towards strategic business support.

## SPEAKER

## Key Description

The speaker has a Master's Degree in Finance, is a Qualified Accountant, CFA and with over 20 years in Banking covering risk management, financial control, strategy planning, performance management and asset and liability management

He has solid experience in finance including country and regional coverage leading finance team of over 30 people. He had been a key member in Global finance transformation project of one large foreign bank
