## Objective

The Green and Sustainable Finance Cross-Agency Steering Group of HKMA announced the progress made on 21 June and the way forward to advance Hong Kong's leading position in green and sustainable finance (GSF) and help the financial ecosystem's transition towards carbon neutrality.

ESG is one of the most pressing concerns confronting the public and private sectors worldwide. The financial industry, in particular, has been paying increasing effort to contribute to the features and challenges of the local green classification framework. This course provides an introduction to ESG initiatives in banking and equip participants with knowledge needed to support them in value creation for a sustainable business model. It aims to raise awareness, step up engagement and enhance the sector's capabilities.

## Target Audience
