

Enhanced Competency Framework on Credit Risk Management (ECF-CRM)
Frequently Asked Questions 2023

General

1. Is it mandatory for Relevant Practitioners (RPs) to take the “ECF on CRM (Core/Professional Level) programmes?”

While the ECF-CRM (Core/Professional Level) is not intended to be a mandatory licensing regime, Authorized Institutions (AIs) are encouraged to make use of it to enhance the level of core competence and ongoing professional development of RPs that take up a majority of credit risk responsibility in the credit process.

2. How to define a RP if a staff member is not performing all the key duties specified in the HKMA guidelines?

The key roles specified in Annex 1 of the HKMA’s Guide to ECF-CRM serve as a general guide to assess whether a staff member falls within the scope of RPs. A staff member is not required to perform all the roles specified in Annex 1 in order to be classified as a RP. AIs can adopt a principles-based approach in determining whether a staff member falls within the definition of RPs for the ECF-CRM.

3. I don’t have any credit risk management background. Can I enrol for the programme?

Yes, you may enrol in the ECF on CRM (Core Level) programme which is mainly designed for entry-level and junior level staff working in the credit function of an AI.

4. If I am working in consumer lending (e.g. credit card and personal lending) or some specialised functions such as credit risk modelling, am I a RP of the ECF-CRM?

No, consumer lending (e.g. credit card and personal lending) and some specialised functions such as credit risk modelling are not included in the scope of application of the ECF-CRM. The ECF-CRM applies to staff members who are performing credit initiation, evaluation, approval and monitoring of commercial credit business.

Grandfathering

5. What relevant experience would be counted for grandfathering?

A RP may be grandfathered based on his or her relevant experience obtained from the banking industry and/or other related financial sectors. You may refer to the guidelines below for reference.

a) Core Level:

- Possessing at least three years of relevant work experience on or before 30 September 2020 in any of the functions in credit initiation, evaluation, approval and review and/or credit risk management and control as specified in Annex 1 of the HKMA’s Guide to ECF-CRM; and

- Employed by an AI at the time of application.

b) Professional Level via Path (i) or Path (ii):

Path (i):

- Possessing at least eight years of relevant work experience on or before 30 September 2020 in any of the functions in credit initiation, evaluation, approval and review and/or credit risk management and control, of which at least five years are gained from Professional Level job roles, as specified in Annex 1 of the HKMA's Guide to ECF-CRM; and
- Employed by an AI at the time of application.

Path (ii):

- Completion of HKIB's Postgraduate Diploma for Certified Banker (Credit Management Stream); and
- Possessing at least three years of relevant work experience on or before 30 September 2020 in any of the functions in credit initiation, evaluation, approval and review and/or credit risk management and control as specified in Annex 1 of the HKMA's Guide to ECF-CRM; and
- Employed by an AI at the time of application.

Applications for grandfathering are handled and assessed by HKIB.

6. How does a RP know if he/she is eligible to apply for grandfathering?

The grandfathering application requires the Human Resources Department (HR) of the concerned AI(s) to verify and endorse the employment history of an applicant's relevant experience. An endorsement by the applicant's current employer would indicate that the RP has met the eligibility criteria on relevant experience before it is passed to HKIB for processing. AIs are encouraged to support their staff to apply for grandfathering and certification.

Regarding information related to a RP's previous employment, the current employer is encouraged to provide the necessary assistance to the RP in the latter's application for grandfathering or ECF certification (e.g. confirming whether such information is consistent with the curriculum vitae provided by the RP at the time of his/her job application). Applications without HR verification will not be accepted.

During the application review process, HKIB may request the applicant to provide employment records or additional information to substantiate the application for grandfathering.

7. How does one complete the certification application after grandfathering has been granted?

Upon confirmation from HKIB that approval for grandfathering has been granted, the RP may complete the "Certification Application Form" for the Associate Credit Risk Management Professional (ACRP)/ Certified Credit Risk Management Professional (Commercial Lending) (CCRP(CL))/ Certified Credit Risk Management Professional (Credit Portfolio Management) (CCRP(CPM)) certifications within three months after issuance of the grandfathering approval letter.

The applicant can apply both grandfathering and certification at the same time, the certification application will only be proceeded if the grandfathering status is approved.

8. Is there any cut-off date to apply for grandfathering?

Existing RPs that meet the grandfathering criteria as prescribed in the response to Question 5 above can submit their grandfathering applications from 1 October 2019 to 31 December 2020, while the working experience accumulation of the relevant practitioners (RP) is still counting until 30 September 2020 and the processing time required will be around 60 days. Late application will not be accepted.

9. If an applicant has adequate years of relevant experience but has left the banking industry, is he/she eligible for grandfathering?

Currently, grandfathering is only applicable for RPs who are currently employed and working in the credit function of an AI. For other individuals performing job roles of the credit function but not in an AI or those staff of an AI who are not working in the credit function during the grandfathering application period, they may submit their applications to HKIB for grandfathering within three months from the date of joining the credit function of an AI and becoming a RP. However, they should meet all the applicable grandfathering criteria as prescribed in the response to Question 5 above on or before 30 September 2020.

10. Would overseas work experience be recognised in a grandfathering application?

In general, relevant overseas work experience in the credit function from the banking industry and/or other related financial sectors is recognised for grandfathering. Work experience in different regions or countries will be considered by HKIB on a case-by-case basis.

11. Where can I obtain the Grandfathering Application Form?

The grandfathering application form is available on the HKIB website.

12. Could I attain the confirmation of grandfathering for Core Level or Professional Level earlier than 60 days?

It will take approximately 60 days under normal circumstances to process an application upon receipt of the completed application form and full set of supporting documents.

13. Upon the commencement of the grandfathering application (i.e. 1 October 2019), I might not fulfil the minimum relevant work experience for the grandfathering application. However, I will be able to accumulate and fulfil such minimum work experience on or before the application deadline (i.e. 31 December 2020), how and when should I submit my application?

It is necessary for you to possess the minimum relevant work experience upon your submission of the grandfathering application. As long as you have fulfilled the minimum work experience on or before 30 September 2020 and submit the grandfathering application on or before 31 December 2020, you are still eligible for the grandfathering application.

14. What is the Continuing Professional Development (CPD) requirement for ACRP/CCRP(CL)/CCRP(CPM) holders?

The CPD requirements will be waived for the first calendar year (ending 31 December) of certification and grandfathering.

ACRP/CCRP(CL)/CCRP(CPM) certification is subject to annual renewal on a calendar year basis from 1 January to 31 December. Irrespective of the date of your first certification as ACRP/CCRP(CL)/CCRP(CPM) with HKIB, your certification will expire on 31 December of the same year. You are required to renew your ACRP/CCRP(CL)/CCRP(CPM) certification annually and a renewal notice will be emailed to all ACRP/CCRP(CL)/CCRP(CPM) holders in December.

However, if you fail to renew the certification before 31 January of each calendar year, your certification will be suspended, and your name and status information will not appear on the Certified Individuals (CI) Register published on HKIB website. As a result, you will not be allowed to include the professional qualification on your name card or CV. Default or Resigned Members (“Former Members”) who have ceased to be a member of the Institute may apply to reinstate their HKIB membership by paying the current year's subscription plus the re-registration fee (“Reinstatement Fee”). Continuing Professional Development (CPD)

44. Can I apply for ACRP/CCRP(CL)/CCRP(CPM) certification if I have completed the training programme and examination but I am not currently a Relevant Practitioner?

However, you may submit your application to HKIB for certification within THREE months of joining the CRM function of an Authorized Institution.

45. What if I fail to meet the annual CPD requirements?

Failure to comply with the annual CPD requirements will result in suspension of professional qualification during which the RP concerned must stop using the professional qualification in all

business and social contexts, for instance, on name card and in personal profile, until the necessary documents confirming the fulfilment of CPD requirements are submitted. While a RP's professional qualification is being suspended, his/her name and status information will not appear on the Register of Certified Individuals published on HKIB's website.

For cases where there are special reasons to justify the failure to meet the annual CPD requirements, for example, due to an extended sick leave, HKIB may consider reinstating the RP's ACRP/CCRP(CL)/CCRP(CPM) certification on a case-by-case basis.

46. If I work for another AI within a calendar year, could I combine the CPD hours I have previously earned?

ACRP/CCRP(CL)/CCRP(CPM) holders can combine the CPD hours earned while working at different AIs. Please refer to Page 12 of HKMA's Guide to ECF-CRM for details on the relevant CPD activities and training topics.

47. Do CPD requirements of the ACRP/CCRP(CL)/CCRP(CPM) certifications renewal run on a calendar year basis?

Yes. CPD requirements of the ACRP/CCRP(CL)/CCRP(CPM) certifications run on a calendar year basis, i.e. 1 January to 31 December. 48. Do I need to attach the supporting documents when submitting an application for the ACRP/CCRP(CL)/CCRP(CPM) certification renewal?

No, it is not necessary to attach supporting documents when submitting an application for the ACRP/CCRP(CL)/CCRP(CPM) certification renewal. However, the professional qualification holders/HR of AIs must keep records of the completion of relevant programmes and CPD activities undertaken by a certified practitioner. HKIB reserves the right to request further documentation for confirmation purposes.

49. Do you have a list of recognised CPD programmes for the ECF on CRM?

No, a list is not available because of the wide scope of the programme available in the market or offered by AIs themselves.

For details of the coverage and the scope of the CPD programme, please refer to HKIB Continuing Professional Development (CPD) Scheme.
