Programme Outline

Climate transition, ESG disclosures (e.g. ISSB), and investing are vital for financial institutions and investors to align with market trends. ESG's growing importance necessitates building a sustainable future. Key areas include understanding ESG basics, climate change, ISSB, TCFD, SBTi, COP29 outcomes, and carbon market; staying updated on sustainable banking, green finance, and investment trends; fostering skills for a sustainable ecosystem and climate action; and exploring how green finance aids in achieving carbon neutrality objectives.

Programme Highlights :

- To provide an overview of the latest trends and cases of sustainable banking, climate transition, green finance, and green investment and ways toward carbon neutrality.
- To share the latest ESG, Sustainable Finance Action Agenda, and climate change guidelines of the Hong Kong Monetary Authority (HKMA), Securities and Futures Commission (SFC), Hong Kong Stock Exchange (HKEx), and International Sustainability Standards Board (ISSB).

Speaker Introduction

The distinguished speaker, CEO and owner of a Hong Kong-listed environmental and ESG consultancy company, brings over 21 years of financial industry expertise and extensive audit experience in diverse sectors like banking, insurance, and investment banking.
