FPS

The Faster Payment System (FPS) is a payment financial infrastructure introduced in 2018 by the Hong Kong Monetary Authority (HKMA) and operated by Hong Kong Interbank Clearing Limited (HKICL) to enable instant payments in Hong Kong, providing consumers and merchants a safe, efficient and widely accessible retail payment service on a 24/7 basis. FPS offers individuals and businesses a new choice and experience for making payments in multiple currencies – Hong Kong dollar (HKD) and Renminbi (RMB) – in real time.
