Programme Outline

- Strategic Reset: The Rise of New Quality Productive Forces (新質力)**
Delve into China's economic response to escalating global pressure — from tariffs to tech containment. Understand how New Quality Productive Forces are being positioned to secure long-term independence.
- The GBA as China's Innovation Battleground**
Explore how the Greater Bay Area is becoming China's proving ground for next-gen productivity. With access to advanced manufacturing, green energy, and the low-altitude economy (低空經濟).
- Fintech as a Strategic Lever: Hong Kong's Role in the New Arsenal**
Analyze how Hong Kong's fintech sector is evolving from a financial enabler to a geopolitical asset. From cross-border digital currency infrastructure to RegTech and compliance automation.
- Tech Power: AI, Blockchain, IoT and the Rise of "Little Giants" (專精特新小巨人)**
Dive into the technologies underpinning China's economic shift. Learn how AI, blockchain, and IoT are boosting productivity, transparency, and competitiveness.
- Competing in a Divided World: Outlook and Strategic Engagement**
As global economic blocks harden, how the GBA offers a blueprint for competitive advantage amid de-risking and decoupling.
