#### 1. Introduction

#### A. Benchmark for Professional

The Certified Banker (CB) is a professional qualification developed and offered by The Hong Kong Institute of Bankers (HKIB) to help banking practitioners at all levels raise their professional standards with skills relevant for the fast-changing banking environment. It also provides a common qualification benchmark that is recognised by regulators and leading authorised institutions. It is an enhancement and replacement for the Associate of The Hong Kong Institute of Bankers (AHKIB) qualification, which was launched over two decades ago.

#### B. Overview of the Hong Kong Institute of Bankers

Since 2012, all HKIB's Professional Qualification Programmes (PQPs) have been accredited through Learning Programme Accreditation (LPA) exercises conducted by the statutory accrediting body, the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ) which are pitched at QF Levels 4 to 6 under the Hong Kong Qualifications Framework (HKQF). In 2020, the HKIB stepped forward being appointed as a Professional Qualifications Assessment Agency (PQAA) by the Secretary for Education (SED) for HKIB's nine Professional Qualifications which are recognised under the Hong Kong Qualifications Framework (HKQF) and registered in the Qualifications Register (QR). The appointment of PQAA by SED demonstrates HKIB's capability of delivering outstanding standard of professional qualification assessment in the Banking industry in Hong Kong.

#### C. Qualifications Framework (QF)

In order to ensure sustainable manpower development amidst the rapidly changing world, the Education Bureau (EDB) of the Government of the Hong Kong Special Administrative Region (HKSAR) officially launched the Qualifications Framework (QF) in Hong Kong on 5 May 2008.

The QF in Hong Kong (HKQF) is a seven-level hierarchy covering qualifications in the academic, vocational and professional as well as continuing education sectors to promote and support lifelong learning with a view to continuously enhancing the quality, professionalism and competitiveness of our workforce in an increasingly globalised and knowledge-based economy. Qualifications recognised under the QF are quality assured and level-rated in accordance with objective and well-defined standards.

Certified Banker contains three programmes in progressive levels. Learners should attempt the programme progressively according to their academic background and related work experience. The Postgraduate Diploma for Certified Banker has been quality assured by the Hong Kong Council for Accreditation of Academic and Vocational Qualification (HKCAAVQ) and are recognized under the Qualifications Framework (QF). Their learning contents are encompassing all relevant Units of Competency (UoCs) drawn from the SCS of banking industry.

# 1. Programme Overview - Professional Diploma for Certified Banker (Stage II)

# A. Programme Objectives

In response to the talent development needs of the industry, HKIB provides the Professional Diploma for Certified Banker (Stage II) programme. The modules aim to prepare the learners to fulfil the professional competence required under the banking industry standard, the ECF.

There are two main objectives of the Professional Diploma programme:

## **Generalist Knowledge**

The programme is developed with the objective of providing participants with generalist knowledge across different major areas of banking in order to be capable of discerning the intricacies between different operations. This is important for developing a comprehensive evaluation of impacts and risks on its own management regime and paves the way for taking up managerial positions in banks.

# **Evaluative Skills**

Besides generalist knowledge, management of a bank also requires cognitive skills to evaluate and integrate information in a banking context. Hence, one can apply the learned skills on other disciplines in banking to his/her own regime and pave the way for the "Professional Diploma for Certified Banker (Stage II)" which participants will be developed into a specialist in a particular discipline of banking. As a result, HKIB launched the Professional Diploma for Certified Banker (Stage II) to offer a learning opportunity for banking practitioners to become a generalist.

## B. Professional Qualification Intended Outcomes

Upon completion of the Programme, learners should be able to:

- Evaluate and integrate key theories / knowledge in a major discipline of banking in order to design strategies for achieving the business goals and objectives;
- Analyse information provided by the bank's customers, different banking units or other sources in order to assess and identify critical issues for successful implementation of the strategies (e.g. inherent risks, changes in the banking environment, the needs of different stakeholders, etc.); and
- Manage execution and exceptional issues during the implementation of the bank's strategies by developing a solution / management plan after appraising the situations, potential risks, the changing banking environment, etc

# 4.1 Green Finance and Sustainability (GFS)

## A. Module Objectives

This module aims to develop candidates' comprehensive knowledge, skills and understanding relating to green finance and sustainability and the relationship between green and sustainable finance and ESG. With the study of internationally-recognised as well as local banking principles and practice in the full spectrum of green finance and sustainability, together with guidelines from local regulator and case studies, learners will be able to understand how to help bank deliver its strategy, perform well at work, serve customers, communities and the wider environment to manage climate-related risk, and support the transition to a low-carbon and sustainable world with the provision of green and sustainable finance.

#### B. Modules Intended Outcomes

Upon completion of this module, learners should be able to:

- Assess the latest development, governance factors, good practices and market trends in Green Finance and Sustainability to meet the transformation and changing needs in the banks and financial institutions;
- Analyse the major green debt financing instruments;
- Evaluate different factors relevant in ESG investing, the application of ESG valuation in equity and bonds, and the ESG consideration in the investment process; and;

# 4.2 Corporate Finance Services

## A. Module Objectives

Corporate finance bankers nowadays may also act as advisors to provide specific corporate finance applications, by helping corporations analyze their financing needs and to recommend tailored-made solutions. This module contributes to the achievement of the Professional Qualification Intended Outcomes by drawing learners' attention to the market segments where the financing needs of corporate borrowers are identified, before applying their knowledge to discuss the different financing alternatives for customers under different situations. Together with the considerations for risk management options in the corporate financing market, the topics covered in this module serve to equip the learners with the necessary techniques for the next stage of studies under the CB programme, such as "Bank Lending", "Credit Risk Management", "Treasury Markets and Operations"

## B. Modules Intended Outcomes

Upon completion of this module, learners should be able to:

- plan and design an appropriate package of credit solutions and capital-raising strategies to meet the domestic or international financing needs of customers in different markets;
- identify and assess the risks involved in corporate financing transactions to both the borrower and the financier;
- consolidate the risk issues in corporate finance and construct strategies to deal with the issues for discussion with peers of all levels.

#### C. Assessment Method

- Examination: 50-60 Multiple Choice questions and TWO Essay questions out of THREE
- Passing mark for this module is 60%.
- Time allowed: 3 hours.

Programme Overview - Postgraduate Diploma for Certified Banker (CB Stage)

#### A. Programme Objectives

The Certified Banker professional qualification aims to provide banking professionals with expert knowledge and develops skill set required for senior positions in major functional areas. As the programme was developed with the objective of nurturing more holistic banking professionals, participants would be required to apply their cross-discipline general banking knowledge in the specific functional stream they select. They would also need to study a core module covering various areas at a strategic management level for cultivating their strategic mindsets and enhancing their leadership skills.

#### B. Professional Qualification Intended Outcomes

#### **Develop the Strategies**

Consolidate and compare the wide range of complex concepts, models and specialized skills in the discipline in order to evaluate the applicability of different approaches and formulate a set of coherent business strategies to meet with the current and future business needs.

#### Manage the Implementation

Compare and select the right research framework and tools to evaluate and anticipate the development in regulatory, economic, social and/or technological environment relevant to the banking industry in order to draw justified conclusions when making decision on the complex tasks of planning, design and/or management functions in the specialized discipline.

#### Solve the Problems

Formulate solutions or creative responses to tackle challenges, risks or changing environment by employing advanced business analysis and diagnostic skills to identify the implications and need for changes.

#### 5.8 Cross-boundary Banking Strategy and Management

#### A. Module Objectives

This module aims to develop candidates' ability in strategic planning for bank development at a cross-boundary level with an international mindset. Apart from comprehensive understanding on China Finance and other emerging fields to be considered for banking strategy development such as climate risk, sustainable finance and RMB internationalisation, candidates would be equipped with comprehensive knowledge in firm behaviours in Mainland and HK, international standard and practice in both retail and corporate banking development, and risk factoring for critical analysis to enhance their competency to formulate strategic planning and propose solutions for banking management.

#### **B.** Modules Intended Outcomes

On completion of this module, learners should be able to:

- Analyse firm behaviour in Mainland and propose justified solutions and recommendations on organization and management for banks;
- ♣ Analyse critically the risk factors in both Mainland banking and international banking and consolidate for strategic development;
- Apply the knowledge of climate risk and sustainable finance in relation to bank strategy;
- Evaluate the feasibility of incorporating international standard into China banking, and consolidate evolving trends on future development of China banking;
- ♣ Formulate strategic planning for retail and corporate banking and propose solutions on both organisation and people development and management.

#### C. Assessment Method

- Examination: Essay Questions
- Passing mark for this module is 50%.
- Time allowed: 3 hours.

# 6. Learning Support

#### Video-On-Demand

To facilitate the learners to get better preparation for the examination, HKIB provides the Video-On-Demand service for the learners to watch the recorded training sessions of a particular training class. Video-On-Demand service is available for up to 90 days before the examination.

## ♣ Professional Qualification Programme Scholarship Scheme

Each year, HKIB selects the top two candidates from each module in Certified Banker Programme and award them with the scholarship as recognition. This is the way for HKIB to promote academic excellence and motivate future students to push themselves to achieve same high level of performance.

The two top candidates in Certified Banker Programme, provided that all other granting requirements are met, can be awarded with a cash incentive (HKD4,000 for CB (Stage I); HKD5,000 for CB (Stage II); HKD6,000 for CB Stage), and a study coupon which can provide candidates to study one more professional qualification offered by HKIB with all training and examination fees waived.

#### ♣ HKIB Resources Corner Support

The Resources Corner situated at the premises of the Institute provides the required learning resources for study. Copies of Supplementary, Essential and Further Readings are available in the HKIB Resources Corner for borrowing.

Candidates are encouraged to prepare the examinations by acquiring relevant market information and module knowledge through various channels, e.g. reference readings, business journals, websites etc. Candidates should be aware that such market information may be important and pertinent to the examinations.

#### ♣ E-learning Resources

HKIB also supports the E-learning. More than 500 courses are organized into 51 course libraries spanning about 700 hours of E-learning, covering areas of Banking, Accounting, Insurance and Risk Management. Topics range from basic financial concepts like "Understand Financial Statement" to complex topics like "Value at Risk" and an in-depth exploration of Financial Risk Management and Derivatives. It aims to provide further and recommended readings to learners on top of their in-class training materials to expand their self-study sources. For more details, please refer to HKIB website.

## Market Information Updates

The Institute regularly organizes training courses, seminars and luncheon talks on current issues and developments in financial markets that candidates may find essential, helpful and relevant to their learning.

## Final Case Study Assessment and Oral Assessment

#### **Prerequisites**

Completion of the two specialist modules in the selected stream (if applicable)

#### **Objectives**

The objective of the postgraduate diploma programme is to equip candidates with comprehensive conceptual and practical knowledge in a specialized area of banking and develop candidates with research skills to adopt an analytical approach in developing strategies to tackle different scenarios that may arise in real-life situation. Therefore, the Final Case Study Assessment and Oral Assessment is to test the ability of candidates to investigate critical issues and conduct critical analysis for decision making in real life problems. It aims to test whether a candidate can consolidate and evaluate the wide range of complex concepts, models and specialised knowledge in a discipline and apply them in real-

life scenarios.

Highlight

Final Case Study Assessment and Oral Assessment consists of two parts: a take-home assignment and an oral

assessment

Candidates will receive the "Final Case Study Assessment" documents 6 weeks prior to the oral

assessment via email. They are required to submit the "take-home assignment" according to the

instruction provided in the email.

Candidates are required to be present at the oral assessment of their final case study assessment.

Apart from presenting, they will also be required to answer any inquiry raised by the Panel.

**Assessment Method** 

Final Case Study Assessment (70%)

Passing mark: 50%

Time allowed: 6 weeks

**Oral Assessment (30%)** 

Passing mark: 50%

Time allowed: 0.5 hour

Candidates must submit the Final Case Study Assessment, attend the oral assessment and pass both

assessments.

## C. Examination Timetable

For the latest information about the examination enrolment period and examination dates, please contact HKIB staff or refer to the HKIB website at <a href="http://www.hkib.org">http://www.hkib.org</a>.

D. Examination Application

**↓** Candidates taking current training classes can choose to sit for the current examination or any

subsequent ones. They can choose to sit for subsequent examinations but if the corresponding programme has been changed or updated, they may be required to re-take the training in order

to be eligible for module examination.

4 Applicants can submit the application via MyHKIB. Attention should be paid to the application

deadline, or a late entry fee will be charged. The information provided on the application form

must be true and clear.

↓ Late examination enrolment will be accepted after the stipulated application deadline up to 14

days before examination date, to allow us to administer the application. A late entry fee of HKD

200 (in addition to the examination fee) will apply.

♣ Inaccurate or incomplete applications may not be accepted even if the applicant has paid the

examination fee.

♣ Under no circumstances are changes to module entry allowed.

**HKIB** reserves the right to reject late applications and/or any applications deemed inappropriate.

Once HKIB has received the application, NO alterations to the examinations and examination

arrangements are allowed.

HKIB reserves the right to change examination dates and application deadlines at any time.

E. Examination Approaches

There are two examination approaches available and candidates may choose either one which is

best fit for them.

Face-to-face Examination: Traditional face-to-face examinations will be conducted at designated

venues arranged by HKIB. Candidates are required to take examinations at specific locations

allocated to them accordingly.

# <u>"Remote Exam"</u>: As an alternative to the traditional face-to-face examination, HKIB had

introduced an innovative initiative, "Remote Exam", allowing candidates to take examinations

from their homes or workplaces with own computer equipment and internet access. "Remote

Exam" offers greater flexibility in terms of location and time saving on travelling for our

candidates without jeopardising the quality standard of assessment.

Measures will be taken to align the same standard of fairness and effectiveness as that of the

traditional face-to-face examination. A two device-approach will be adopted with one computer,

either desktop or laptop, to access the "Remote Exam" platform for the examination and a mobile device, either smartphone or tablet, for invigilation and monitoring. Authentication of identity

and real-time virtual invigilation will be conducted hassle-free with an automatic remote system

to ensure the highest degree of integrity and data security.

To ensure smooth examination operations, candidates opting "Remote Exam" are required to

participate in the "Rehearsal Practice Examination" to be held by HKIB before eligible to attend

the formal examination. This arrangement will facilitate the candidates to get better preparation

and understanding on the logistic arrangement of the "Remote Exam".

F. Examination Fee and Payment

Applicants should pay the examination fee as follows:

(a) By credit card.

(b) By Alipay.

(c) By WeChat Pay.

Application without successful payment will NOT be processed.

All payments must be settled before the examination. NO fees are refunded or transferred under

any circumstances.

Applicants are advised to keep a record of their payments.

HKIB reserves the right to adjust the examination, study guide and/or administration surcharge

fees (if applicable), at any time.

G. Examination Attendance Notice

For candidates attending "Remote Exam", details regarding the prerequisite "Rehearsal Practice"

Examination" will also be attached.

Examination Attendance Notices (Attendance Notices) will be sent to candidates via email ONLY

about two weeks before the examination. Candidates are obligated to inform the Institute if they

have not received the Attendance Notice one week before the examination.

Candidates are required to print a copy of the Attendance Notice on a sheet of plain A4 paper

before attending each examination.

Candidates MUST present their Attendance Notice at the examination, along with a valid

identification document (e.g. an HK Identity Card or Passport), which bears their current

photograph.

# H. Alteration / Transfer of Enrolment for the Examination

- **HKIB** reserves the right to cancel, postpone and/or reschedule the examinations.
- If an examination is rescheduled, HKIB will notify candidates of the new examination's date and time by email within one week of the originally scheduled examination date. Under such circumstances, candidates are not required to re-register for the examination.
- **↓** Under no circumstances will any changes to or transfers of examination enrolment be allowed.

#### I. Examination Arrangements for Candidates with Special Needs

- Candidates with special needs may request special examination arrangements. In these circumstances, they will be required to submit documentary evidence, such as medical proof issued by a registered medical practitioner, together with a written request, when applying for the examination.
- 4 Any request for such arrangements may result in an additional charge.

J. Examination Preparation

Candidates who have enrolled in the examination are required to study all the essential,

recommended and further reading materials, if applicable, as part of their examination

preparation.

K. Examination Results

Candidates will receive their results slip by post within two to four weeks for CB (Stage I) from the

examination date, six to eight weeks for CB (Stage II)/CB Stage from the examination date of the

last module of the exam diet.

Results will not be revealed by telephone or email.

♣ Candidates may check their examination results online through the HKIB online platform.

Candidates will receive email notification once the examination results are available. The online

examination results will be removed one month after they are released.

Results will be withheld from candidates who have not paid in full any monies due or payable to

the Institute, including but not limited to examination enrolment fees.

L. Examination Results Review

4 Candidates may request rechecking or remarking of their examination scripts within one month

after the issue of examination results, by submitting a written request. An administrative fee may

apply. Please contact HKIB staff for details.

Rechecking is applicable to all examinations. Answer sheets are rechecked for technical errors

such as incorrect mark entries.

Remarking is only applicable to the Final Case Study Assessment and Oral Assessment and

examinations that involve essayquestions. Remarking is not applicable to MC questions. The

answer scripts will first be checked for technical errors. Each script will then be remarked by an

independent marker. If the mark given by the marker differs from the original mark and leads to

an upgrade of result, the script will be remarked by a second marker. Remarking is conducted by

persons other than the original markers. The final mark of the examination is calculated by

averaging out all valid marks given by the original markers and the marker(s).

Regardless of the results of rechecking, candidates cannot apply for remarking of a module for

which they have applied for rechecking.

♣ HKIB charges an administration fee of HKD500 per module for rechecking and HKD1700 per

module for remarking. All payments are non-transferrable and non-refundable. However, if the

rechecking or remarking leads to an upgrade of result, the fee will be refunded to the candidate

concerned.

4 After the answer scripts are rechecked or remarked, the results will be passed to Examination

Team Head for review and approval. The decision of Examination Team Head is final.

Candidates will be informed of their rechecking or remarking results by post and only with written

notice within TWO MONTHS after receipt of the request.

Candidates will not be given a copy of their marked answer scripts.

M. General Examination Regulations

♣ An examination is governed by the regulations in force at the time of the examination and not by

the regulations in force at the time of enrolment, in case of any discrepancies between the two

sets of regulations.

♣ On all matters concerning the interpretation of the regulations, the Professional Standard and

Examination Board of the Institute has the final discretion.

The examinations are conducted in English.

For all multiple choice questions, candidates must use HB/2B pencil to answer the questions on

the Answer Sheets.

For essay questions and the case study questions in Final Case Study Assessment and Oral

Assessment, questions must be answered in English.

♣ The Final Case Study Assessment and Oral Assessment must be submitted in English.

♣ The examinations will be conducted and invigilated by responsible persons appointed by the

Institute.

Candidates should arrive at the examination venue at least 15 minutes before the start of the

examination. Candidates must not enter the examination room until instructed to do so.

Candidates are not allowed to sit for the examination if they are unable to produce the Attendance

Notice/valid identification document, or the identification document does not contain a clear and

current photograph of the candidate.

4 All examinations will begin at the time stated on the Attendance Notice. Latecomers may be admitted during the first 30 minutes of the examination, but extra time will not be given to

compensate for any time lost.

Smoking, eating and drinking are not allowed in the examination room. All mobile phones and

other electronic devices including smart watches must be switched off.

♣ All bags, books and other personal belongings must be placed in a location advised by the

invigilator, before the examination begins.

If you need to go to the toilet during the examination, you should seek permission from an

invigilator. An invigilator will accompany you and you must NOT carry any mobile phones, other

electronic devices, question books, answer sheets or paper to the toilet.

♣ Candidates must use only silent and non-programmable calculators. Invigilators have the right to

prohibit candidates from using any unauthorized calculators. No other aids, such as books,

dictionaries, computers (e.g. notebooks, PC tablets), and papers, are permitted in the examination.

No draft paper will be provided during the examination. Rough workings or notes should be made

on the question book and will not be marked.

♣ The packets of question papers will be opened in the presence of the candidates before the start

of the examination. Candidates should remain silent and are not allowed to communicate with

other students during the examination. Candidates interfering with the proper conduct of the

examinations will be warned by the invigilator or expelled from the examination room in a serious

case. In such circumstances, a report will be submitted to the HKIB to consider whether

disciplinary action will be taken. Disciplinary action includes, but is not limited to, candidate

disqualification.

♣ Candidates cannot leave the examination centre during the first 45 minutes and the last 15

minutes of an examination. Candidates who decide to leave early must notify the invigilator as

quietly as possible, and will not be allowed to re-enter the examination centre.

4 Candidates are not allowed to communicate with other candidates during an examination. They

are also prohibited from communicating with third parties outside the examination centre by

using any electronic device. The invigilator has the right to expel candidates from the examination

centre if their behaviour interferes with the proper conduct of the examination. Any candidate

who attempts to copy from another candidate's script or any other source will be disqualified.

Candidates must stop writing when instructed to do so by the invigilator at the end of examination.

Candidates must not detach any part of their answer sheet, or remove their answer sheet,

whether wholly or partly, from the examination room.

If any candidate infringes any of the above regulations for the conduct of the examinations, he/she will be reported to the Professional Standard and Examination Board of the Institute and will be liable to disciplinary actions, including disqualification.

#### N. Examination Prize Awards

Module Prize and Freshman Prize are awarded to best performed candidates in each diet.

#### Module Prize

Module Prize is awarded to the candidate who has achieved the highest mark among all candidates of that module, and has obtained at least a Pass with Credit. The prizes are sponsored by Banks.

### Freshman Prize

Freshman Prize winner is the best performing candidate who: -

- ♣ Attempts the CB Examination for the first time; and
- Attempts at least two modules in an examination diet; and
- Obtains highest average mark; and
- ♣ Not more than three years of banking experience.

### O. Appeal Fees on Examination

Professional Standard & Examination Board (PSEB) approved the appeal fees as follows:
