[Banking AI Series] Professional Duty Generative AI Framework for Banking

Programme Code: HGFT00P25091

18 September 2025 (Thursday)
12:00nn – 3:00pm

3 HOURS

HKIB ECF SFC
CPD CPD CPT

#philipkamphotography

Programme Outline

Under the Professional Duty Generative AI Framework, Simple Expert AI Workflows (SEAIWFs) can be set up in simple English to address routine banking operations. SEAIWFs are fully compliant with the HKMA's regulatory principles on generative AI. Also, SEAIWFs are highly consistent, minimising the risk of inaccuracy (hallucination). Additionally, these AI workflows possess self-optimisation capabilities, enabling continuous improvement in the quality of deliverables.

In this course, the speaker will provide an in-depth explanation of the Professional Duty Generative AI Framework. The session will include live demonstrations of SEAIWF applications in key banking areas such as financial compliance, customer services and investment analysis.

Speaker Introduction

The speaker works for a financial technology firm providing professional services in generative AI and crypto assets. He is also an Adjunct Professor of City University of Hong Kong, teaching master level courses in financial technology and risk management. The speaker formerly worked for bank regulator, sovereign wealth fund and international banks.

Target Audiences

1. **Banking Practitioners**
2. **Compliance Officers and IT Professionals**
3. **HKIB Professional Qualification holders :**
