

# Credit Risk Management in the Age of AI

Programme Code: HGRS00P25121

16 December 2025 (Tuesday)  
7:00pm – 10:00pm

**3 HOURS**  
HKiB ECF SFC  
CPD CPD CPT

## Programme Outline

- Develop a holistic view on how AI is reshaping banking globally, and examine the risks and opportunities that come with these changes
- Learn how to combine new technical concepts and usability of AI with core banking knowledge to exercise critical thinking in risk management
- Understand how to adopt AI safely and ethically in credit decision making that will benefit client relationships and product innovations
- Develop insights into AI-assisted risk management processes to create an efficient and collaborative teamwork environment inter-linked by data

## Speaker Introduction

Over 30 years of corporate and investment banking experience specialises in credit risk management. Expertise includes risk assessment, transaction structuring, problem loan workout, credit rating, credit analysis and risk transformation projects, with deep knowledge in financial products and capital market activities.

He is a Certified Environmental, Social and Governance Analyst (CESGA) of the European Federation of Financial Analysts Societies. Currently a private lecturer and contributor to banking and ESG training courses. He has taught banking and ESG in university programmes and social enterprise platforms.
