

Sustainable Finance and Technology/AI Regulatory Readiness

Programme Code: HGRS00P25122

10 December 2025 (Wednesday)
12:00nn – 3:00pm

3 HOURS
HKiB ECF SFC
CPD CPD CPT

Programme Outline

In today's rapidly evolving financial landscape, mastery of innovative products, sustainable finance, and regulatory developments is essential. This targeted training equips professionals with actionable knowledge in risk management, as well as navigating the integration of AI and technology in banking operations.

Key Learning Points:

1. Why Sustainable Finance Risk Matters?

- Understand why robust risk management in sustainable finance is critical for future-ready banking.

2. Risk Assessment and Disclosure

- Review the Hong Kong taxonomy for sustainable finance and greenwashing risks
- Outline the local and international disclosure framework for climate-related financial risk

3. Technology, AI & Cybersecurity Risks

- Navigate the AI and data regulatory landscape
- Discuss cybersecurity risks and the regulatory expectation for operational resilience

Speaker Introduction

The speaker held regional leadership roles in various international financial institutions, providing management oversight on compliance, AML/CFT, legal, conduct and governance in relation to private banking, corporate banking, investment banking, global markets and securities businesses. In addition to her diversified exposures in the regulatory framework of different countries, she has a record of fostering sound culture and integrity.
