## **1. Introduction**

### **1.1 About The Hong Kong Institute of Bankers (HKIB)**

The Hong Kong Institute of Bankers (HKIB), an industry-recognised professional training and certification body, has been serving the local banking community since 1963. With the mission to enhance and sustain professionalism in the banking sector, and further develop the territory's status as an international financial centre, HKIB collaborates with banks, regulators, financial institutions, academic institutions and various professional bodies to equip local practitioners with essential banking skills and knowledge through a complete development pathway – from recognised Professional Qualifications Programmes (PQP) to Continuing Development Programmes (CDP). In addition to the flagship Certified Banker (CB) programme, which aims to act as the qualifications benchmark for banking professionals, HKIB administers the Enhanced Competency Framework (ECF) programmes, a banking qualifications framework launched by the Hong Kong Monetary Authority (HKMA) with the aim of supporting capacity building and talent development for banking professionals.

In view of the changing landscape of the banking and financial services industry in Hong Kong, Macao and Mainland China, as well as at a global level, the demand for high-standard professional development and mutual recognition of qualifications has grown in importance. The Secretary for Education has appointed HKIB as an accredited Professional Qualifications Assessment Agency (PQAA), with effect from 1 August 2020, strengthens the Institute's ability to enhance the banking profession by promoting a common qualifications benchmark and establishing professional autonomy. HKIB is authorised to issue professional qualifications up to Level 6 of the Hong Kong Qualifications Framework (HKQF), which is equivalent to a master's degree.
