

ESG in Markets: Current practice and outlook

In collaboration with:
FitchLearning

Overview

ESG (Responsible or Sustainable) investing has seen a growth in interest from investors in recent years. Investors are increasingly looking for investment opportunities that meet environmental, social and governance (ESG) objectives, which enhance the value of a fund's performance. Join us in this session to understand the key motivations behind the increased awareness of ESG investing and the opportunities and challenges.

Agenda

1. **ESG in financial markets**
 2. **ESG investing**
 3. **What's next in ESG**
 4. **Key takeaways**
- The rising wholesale demand for ESG factors within financial services is a key factor for investment management in Asia. Investors are calling for investment solutions and a broader experience offering that reflects sustainable and responsible values.

Who Should Attend?

- Target users and key decision makers from Sustainability or ESG departments
- Practitioners from Banking and Finance industry
- Investment Advisors and Portfolio Managers
- Graduate trainee, management trainee or Student Members

Speaker

Armin GELTINGER
APAC ESG Lead Faculty
