Climate Risk in Banking: Strategic Context, Market Practice, and the Bank-Wide Risk Response

Programme Code: THRES00P26102

22 October 2026 (Thursday)
12:00nn – 2:00pm

HKIB SFC PWMA
CPD CPT OPT

Programme Outline

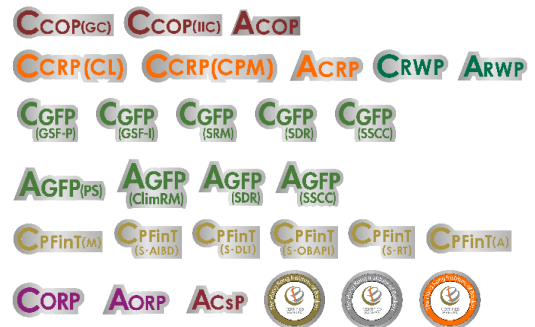

- Regulatory landscape and best-practice principles for climate risk assessment
- Understanding climate scenarios and physical / transition risk
- How banks structure ESG / climate risk frameworks including questionnaires, ratings methodologies and disclosure inputs
- Sector-level decarbonisation approaches — a deep dive into key sectors (aviation, real estate, transportation, etc.), transition pathways and credit implications
- Climate risk governance across the organisation including board oversight, management accountability, and the role of banker / RM in client-level risk assessment
- AI applications in credit rating, ESG scoring, and underwriting workflows

Speaker Introduction

The speaker is the Founder & Managing Director of a climate advisory firm, where he advises corporates and startups across Asia on climate strategy, sustainability and climate technology business building. Previously, he spent eight years at a leading global management consulting firm, where he co-led sustainability and green business building work in Greater China. He is a CFA Charterholder and CESGA holder, and works closely with organisations on climate risk, decarbonisation and sustainable growth.

Target Audiences

- Banking Practitioners
- Relationship Managers, ESG and Sustainability Managers, Risk Managers, Corporate and Commercial Bankers
- HKIB Professional Qualification Holders (eligible for CPD Core Hours):
