Module 4
Impact of FinTech and RegTech in Banking

27 Oct 2022 (Thu) | 3:00pm - 6:00pm
Apply now

Objective

Banking industry plays an important role in establishing Hong Kong as an international innovation and technology hub. The Government and the HKMA have been offering substantial resources in promoting the adoption of FinTech and RegTech. In order to capture these growing opportunities, banking participants should be prepared by learning:

- The regulatory definitions of FinTech and RegTech, as well as the HKMA FinTech 2025 Strategy.
- The emerging technologies being used in banking industry and how they reshape banking applications such as biometrics, AI, remote onboarding, digital KYC.
- Challenges in FinTech and RegTech adoption.

SPEAKER Key Description

- The speaker has over 30 years of experience working in large international banks managing functions such as systems solutions, business analytics, operational planning, corporate security, operations risk management as well as anti-money laundering compliance.

- He processes an MBA and is one of the Directors and founding members of the RegTech Association of Hong Kong.

- He has conducted trainings in different banks and organisations covering various subjects related to banking industries.

Target Audience

01 Compliance and Risk Management
Junior staff who are interested to learn the evolution and application of RegTech in banking industry and are interested in capturing future opportunities in the growing RegTech Ecosystem

02 New to Banking
Who entry level and interested in exploring opportunities to deploy RegTech initiatives in their organisations to improve their capabilities
